

# UNIQ<sup>®</sup> FOAM P-570

Solution of silicone defoaming polymers

**UNIQ<sup>®</sup> FOAM P-570** is a strong anti-foam and air-release agent especially suitable for ambient-curing plastic systems, adhesives and sealants. Especially suitable for epoxy based systems.

## Special Features

- Quick de-aeration and defoaming effect
- Foam reduction during manufacturing
- Suitable for pigment loading systems
- Can cause cloudiness in transparent systems

## Application

Pultrusion of plastic systems Epoxy based	■
Ambient curing plastic Epoxy based	■

highly recommended ■

## Product Specification

Density 20°C  
Color  
Appearance

0.81 g/cm<sup>3</sup>  
Max. 3  
Slight hazy liquid

## Addition levels

- Based on total formulation: 0.1 – 1.0 %  
Added in grinding stage or under high shear forces incorporation. Ensure good distribution to avoid craters.

## Packaging

- 20 kg

## Shelf life

**UNIQ<sup>®</sup> FOAM P-570** should be stored in a cool dry place. When kept in an original unopened container, it will keep up to 5 years from the date of manufacture.
