

UNIQ[®] FOAM 7098

Water based leveling and anti-popping agent

Special Features

- Silicone free
- Suitable for water based application
- Anti-foam and anti-popping in baking system
- Good wetting
- Heat stable

Application

UNIQ[®] FOAM 7098 is a silicone-free surface additive for water based system to prevent surface defects such as cratering, scarring, bubbles, pinholes, orange peel and boiling marks and to improve leveling.

APPLICATION:

Water Based Ink
Other Water System

Product Specification

Density 20 °C
Appearance

0.81 g/cm³
Clear liquid

Addition levels

- Based on total formulation: 0.3 – 3.0 %
Added in grinding stage or under high shear forces incorporation.

Packaging

- 20 kg
- 150 kg

Shelf life

UNIQ[®] FOAM 7098 should be stored in a cool dry place. When kept in an original unopened container, it will keep up to 2 years from the date of manufacture. At low temperature the product may become turbid, this will not affect the product performances.
