

# UNIQ<sup>®</sup> FLOW 6109

Fluorocarbon modified polyacrylate leveling agent for solvent and water based system

## Special Features

- Universal applications
- Excellent leveling, long wave-effect
- Prevents crater, improved substrate wetting
- Excellent compatibility, suitable for high gloss coating
- Heat stable

## Product Specification

Active ingredients	60 %
Density 20 °C	0.96 g/cm <sup>3</sup>
Solvent	2-butyl alcohol
Color	Max. 1
Appearance	Clear colorless liquid

## Packaging

- 25 kg
- 190 kg

## Application

**UNIQ<sup>®</sup> FLOW 6109** is a silicone free fluor modified acrylic leveling agent to be used in solvent- and water-based systems. Especially in water based systems the product shows good defoaming performances.

### APPLICATION:

Ink System

## Addition levels

- Based on total formulation: 0.1 – 1.0 %  
For water based systems it is advisable to adjust the pH to 8 – 8.5 to make the product fully water soluble.

## Shelf life

**UNIQ<sup>®</sup> FLOW 6109** should be stored in a cool dry place. When kept in an original unopened container, it will keep up to 5 years from the date of manufacture.
