

# UNIQ<sup>®</sup> VIS 840 W

Additive to reduce drying-out of aqueous pigment concentrates

## Special Features

- Water borne applications
- Based on modified urea chemistry
- Optimum control of water evaporation
- Slow down the dry-out of pigment concentrates

## Product Specification

Active ingredients	90 %
Solvent	Water
Density 20°C	1.14 g/cm <sup>3</sup>
Color	Light yellowish liquid

## Packing

- 25 kg
- 190 kg

## Application

For usage in resin free pigment concentrates for water based applications

## Addition levels

### Coatings

Pigment paste: 3 -10 %  
Can be added at any stage of production

## Shelf life

**UNIQ<sup>®</sup> VIS 840 W** should be stored in a cool dry place. When kept in an original unopened container, it will keep up to 2 years from the date of manufacture.
