

UNIQ[®] FOAM P-570

Solution of defoaming polymers and polysiloxanes

UNIQ[®] FOAM P-570 is a strong anti-foam and air-release agent especially suitable for ambient-curing plastic systems, adhesives and sealants and coating industry. Especially suitable for epoxy based systems.

Special Features

- Quick de-aeration and defoaming effect
- Foam reduction during manufacturing
- Suitable for pigment loading coating systems
- Can cause cloudiness in transparent systems
- Silicone-free
- Heat stable

Application

Pultrusion of plastic systems Epoxy based	■
Ambient curing plastic Epoxy based	■

highly recommended ■

Product Specification

Density 20°C	0.81 g/cm ³
Color	Max. 3
Appearance	Slight hazy liquid

Addition levels

- Based on total formulation: 0.1 – 1.0 %
Added in grinding stage or under high shear forces incorporation. Ensure good distribution to avoid craters.

Packaging

- 22 kg
- 170 kg

Shelf life

UNIQ[®] FOAM P-570 should be stored in a cool dry place. When kept in an original unopened container, it will keep up to 5 years from the date of manufacture.
